by MUT

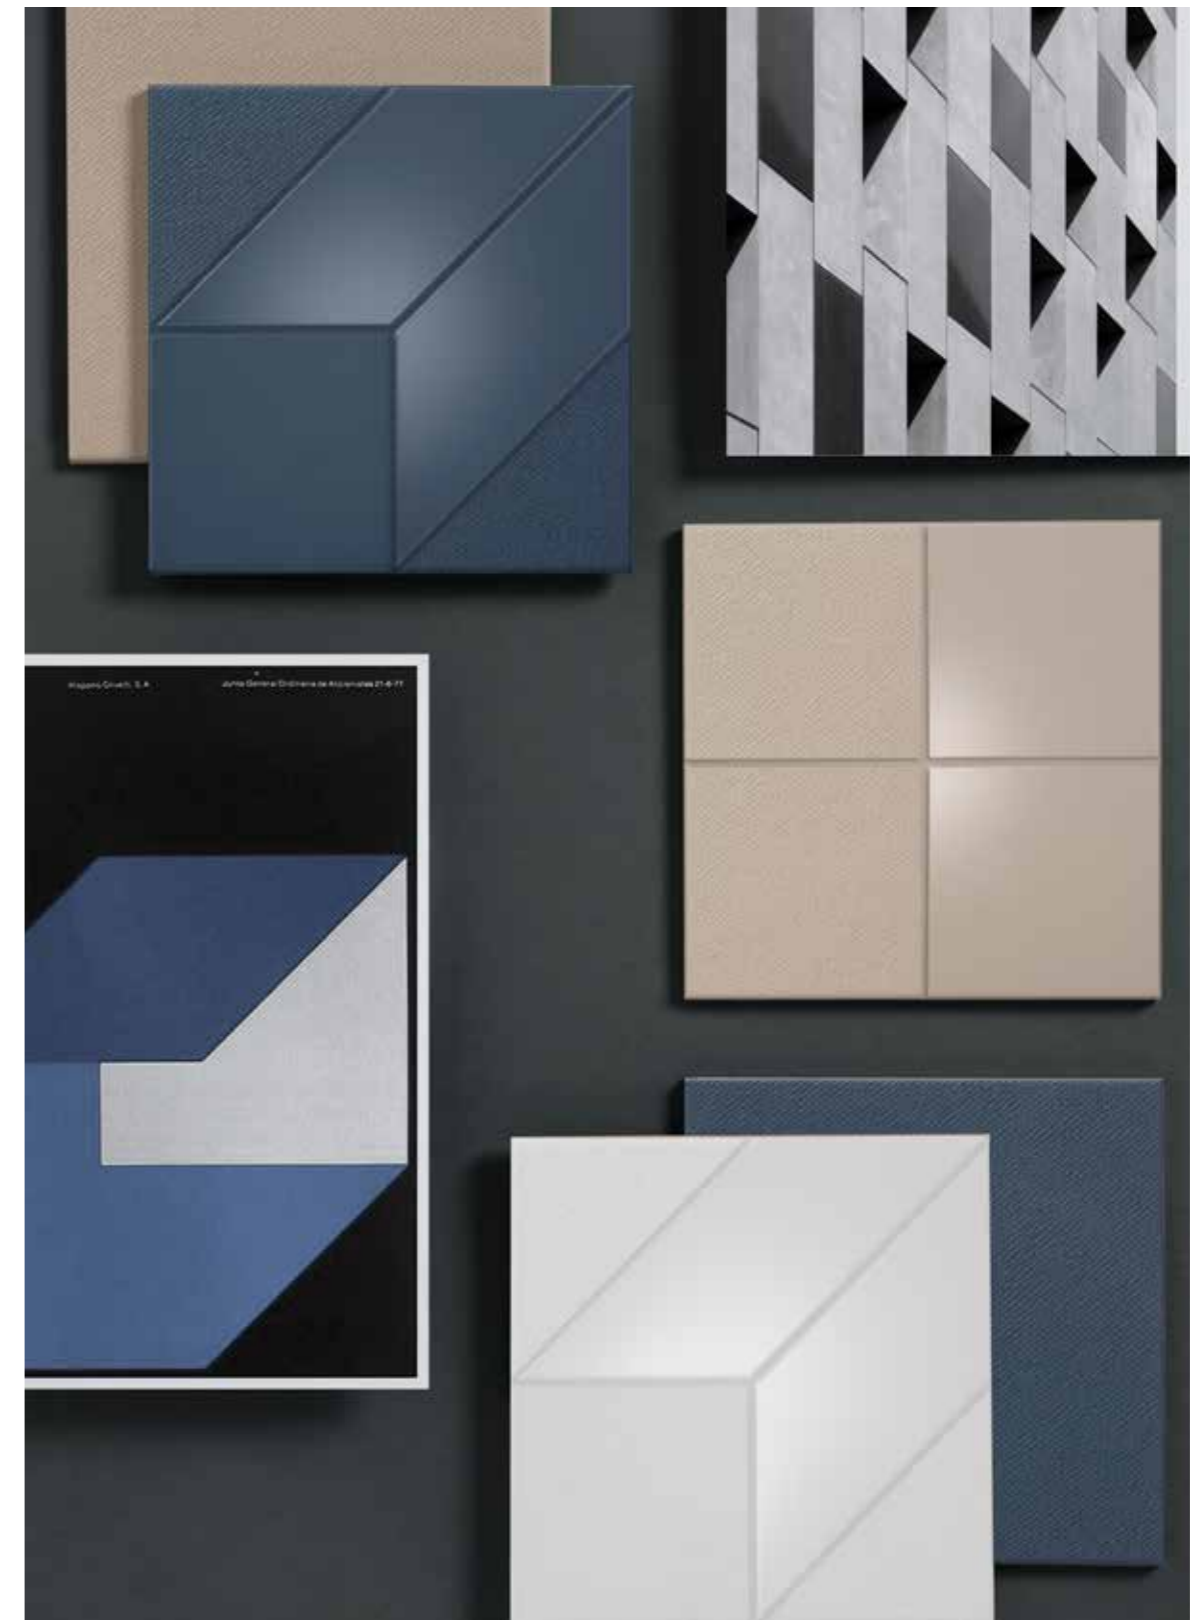

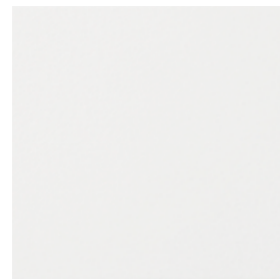

ISO by MUT is inspired by isometric conversions and the capacity to represent 3D objects in two dimensions. With no change to spatial distances between lengths and angles, this latest collection by MUT design studio invites you to put the human eye's predefined perceptions to the test.

ISO by MUT is a 30x30cm square porcelain tile collection in a choice of four colours, each available in three different designs, all inter-combinable. A superior yet unpretentious collection that reflects the essence of traditional ceramics, ISO features a geometrical design created through the application of glazes and relief textures on a plain-coloured background.

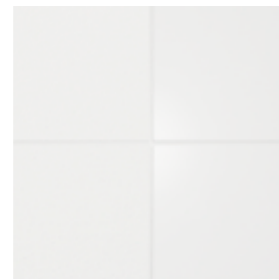

ISO by MUT toma su inspiración de la isometría y la capacidad de trasladar la tridimensionalidad al plano en dos dimensiones. Conservando las distancias espaciales entre longitudes y ángulos, la nueva colección firmada por el estudio MUT invita a poner a prueba la percepción predefinida del ojo humano.

ISO by MUT es una colección de porcelánico en formato cuadrado de 30x30cm que consiste en tres diseños gráficos diferentes para cada uno de los 4 colores disponibles que permiten una combinabilidad total entre ellos. Un producto noble y sincero, ya que basa sus principios en la esencia de la cerámica tradicional, consiguiendo un diseño de carácter gráfico gracias a la aplicación de diferentes acabados, como esmaltes y relieves sobre base de color plano.
